

RESEARCH ACTIVITIES FROM 2025-2026

2025-2026			
S.No	Principal Investigator	Title of the project	Department
1.	Dr Anvesh	Comparative assessment of alveolar ridge augmentation using minimalistic ridge augmentation technique with or without low level laser therapy	Periodontics
2.	Dr Spandana	Effect of pre-surgical locally delivered doxycycline on the inflammatory and early wound healing status during periodontal regeneration – a comparative study.	Periodontics
3.	Dr Hasitha	Comparative clinical and radiographic analysis of three bone grafting techniques in implant placement	Periodontics
4.	Dr. NIKITHA	Clinical assessment of the influence of Implant depth and mucosal phenotype On peri-implant hard and soft tissue in Implants placed in augmented Alveolar bone – a clinical and Radiographic study.	Periodontics
5.	Dr. SAMIKSHA	DFDBA and rhBMP-2 combined with collagen membrane in immediate implant placement:a clinical and radiographic approach	Periodontics
6.	Dr. SWETHA Sharon	Non-incised papilla versus entire papilla surgical approach in the management of intrabony periodontal defects- a clinic-radiographic study.	Periodontics
7.	Dr. UMA	Efficacy of diode laser and subgingival air polishing with erythritol in treatment of periodontitis- a clinical and microbiological study	Periodontics
8.	Dr Bommagani Sonia	From trauma to restoration: a journey through multidisciplinary approach.	Periodontics

9.	Dr Hasitha	A-PRF membrane integration in Bernotti V-Y plasty: a modern approach to root coverage.	Periodontics
10.	Dr Spandana	Gingival recession treatment using the molar or canine access (MOCA) technique: an incision-free coronally advanced flap (CAF) with EGF or FGF membrane.	Periodontics
11.	Dr Anvesh	Alveolar ridge augmentation assessment:a comparative analysis using minimalistic approach with and without low-level laser therapy.	Periodontics
12.	Dr. UMA	Efficacy of photodynamic therapy using novel photosensitizer: Phthalocyanine dye in the management of chronic periodontitis.	Periodontics
13.	Dr. Swetha Sharon	Comparative assessment of two local drug delivery medicaments in the management of chronic periodontitis	Periodontics
14.	Dr. NIKITHA	Microneedling as a novel adjunct with 0.2% hyaluronic acid gel for gingival inflammation and plaque accumulation.	Periodontics
15.	Dr. SAMIKSHA	Comparative evaluation of clinical outcomes and patient response to gingival-depigmentation: scalpel, ceramic bur and diode-laser(980 nm) techniques	Periodontics
16.	Dr. Katta shanmukhi	Additive influence of zno nanoparticles on flexural and impact strength of heat activated polymethyl methacrylate resin	Prosthodontics and crown &bridge
17.	Dr Chalampalem srinivaslu	Prevalence of golden proportion and recurring esthetic dental proportion in telangana population :a crosss sectional study.	Prosthodontics and crown &bridge
18.	Dr Sunki priyanka	Flexural and impact strength of silanized titanium dioxide nanoparticles reinforced heat-activated polymethyl mrthacrylate resin.	Prosthodontics and crown &bridge

19.	Dr Parepalli archana	Additive influence of silanized zirconium dioxide fillers on flexural and impact strength of heat activated polymethyl methacrylate resin	prosthodontics and crown & bridge
20.	Dr Gunda rahul	Effect of deep freezing of high impact heat activated polymethyl methacrylate resin on its flexural and impact strength-an invitro study.	Prosthodontics and crown & bridge
21.	Dr Mayur sunil pawar	Effect of nano structural modification of polymethyl methacrylate with barium titanate on flexural & impact strength.	prosthodontics and crown & bridge
22.	Parvatham Nanda Kishore	“Evaluation of mechanical properties of denture softliners modified with copper nanoparticles” - an invitro study	prosthodontics and crown & bridge
23.	Kuppa Sahithi	“Assessment of antifungal efficacy of denture soft liners modified with copper nanoparticles”- an in vitro study	prosthodontics and crown & bridge
24.	Sravani Rathod	“Efficacy of acrylic soft liner incorporated with tea tree , lemon grass and coconut oils against Candida albicans” an invitro comparative study	prosthodontics and crown & bridge
25.	Enukonda Sreeja	“An evaluation of impact strength and surface roughness of heat cured polymethyl methacrylate reinforced with salinized nano hydroxyapatite” – an in vitro study	prosthodontics and crown & bridge
26.	Nakka Srija	“Comparative evaluation of the physico mechanical properties of modified acrylic soft liner incorporating tea tree, lemon grass and coconut oils”- an invitro study	prosthodontics and crown & bridge
27.	Chukka Yashaswi	“An evaluation of impact strength and surface roughness of heat cured polymethyl methacrylate reinforced with salinized nano silica” – an invitro study	prosthodontics and crown & bridge
28.	Dr D. Sree Satya Gayathri	Sealer penetration in root canals with apically separated rotary nickel titanium instrument : a scanning electron microscope study	conservative dentistry & endodontics

29.	Dr K. Jahnavi	Effect of Different Irrigation Needle Designs on Smear Layer Removal-A SEM study	conservative dentistry & endodontics
30.	Dr Shaik Parveen Fathima	Comparative evaluation of composite shrinkage undergoing different heat treatment procedures and marginal micro assessment at tooth-restoration interface using different bioactive varnishes- A scanning electron microscope study	conservative dentistry & endodontics
31.	Dr D. Sushma	Comparative evaluation of retrievability of calcium hydroxide ,triple antibiotic paste and Nitrofurantoin using different agitation systems-An invitro CBCT study	conservative dentistry & endodontics
32.	Dr M. Jagruthi	Assessing the efficacy of various irrigation agitation techniques on penetration of different intracanal medicaments -A Confocal laser scanning microscopic study	conservative dentistry & endodontics
33.	Dr A.Sanjana	Evaluation of radicular peroxide leakage and effect of different fiber reinforced composite restorations on fracture resistance of teeth following intracoronal bleaching using different bleaching agents – An invitro study.	conservative dentistry & endodontics
34.	Chemudupatti Venkata Sai Maheswari	Evaluating canal changes and fracture strength with different endodontic file systems: an invitro study	conservative dentistry & endodontics
35.	MD Karamath Ali	Effect of dentin biomodification with quercetin- bromelain & quercetin-dimethyl sulfoxide on Resin tag formation and marginal adaptation Following enzymatic chemo-mechanical caries Excavation – an in vitro study	conservative dentistry & endodontics
36.	Boddu Sanjana	Effect of various chelating agents on chemical structure of root canal dentin using fourier transform infrared spectroscopy: an invitro study	conservative dentistry & endodontics
37.	S.Gnan Pavan	Impact of residual intracanal medicament on dislodgement resistance and penetration depth of different sealers : an in vitro study	conservative dentistry & endodontics
38.	Laxmi Sri Mikkilineni	A comparative invitro analysis of dentin ion incorporation and antimicrobial effectiveness of GIC restoration incorporated with various nanoparticles at varied time intervals	conservative dentistry & endodontics

39.	Dr P.J. Pravallika	Invitro analysis of repaired and replaced fractured restorations using universal testing machine,confocal laser scanning microscope,scanning electron microscope	Conservative and Endodontics
40.	Karamath Ali	Comparison of preoperative and postoperative pain following the use of calcium hydroxide and calcium hydroxide with nsaid's as intracanal medicament: in vitro study	Conservative and Endodontics
41.	Mikkilineni Laxmi Sri	Comparison of preoperative and postoperative pain following the use of calcium hydroxide and calcium hydroxide with NSAIDs as intracanal medicament: in vitro study	Conservative and Endodontics
42.	SHAIK PARVEEN FATHIMA	Effectiveness of different herbal extract disinfectant solutions in eliminating micro-organisms and its effect on surface topography of gutta-percha cones: a sem-edx study	Conservative and Endodontics
43.	D. SUSHMA	Effect of ammonium fluoride and sodium citrate irrigating solutions on microhardness and tubular density at the furcation area of mandibular molars	Conservative and Endodontics
44.	Koduru Jahnavi	EVALUATION OF DIMENSIONAL STABILITY, ph AND TUBULAR PENETRATION OF ROOT CANAL SEALER USING VARIOUS IRRIGATION NEEDLES WHEN INCORPORATED WITH METAL NANOPARTICLES – AN IN-VITRO STUDY.	Conservative and Endodontics
45.	Koduru Jahnavi	Analyzing the effect of analgesics as premedication on pulp sensibility tests: a clinical trial	Conservative and Endodontics
46.	Dodda Sree Satya Gayathri	COMPARISON OF ph, DIMENSIONAL STABILITY AND TUBULAR PENETRABILITY OF DIFFERENT SEALERS INCORPORATED WITH METAL NANO PARTICLES, ALONGSIDE APICALLY SEPARATED ROTARY NICKEL-TITANIUM INSTRUMENT : A SCANNING ELECTRON MICROSCOPIC STUDY	Conservative and Endodontics
47.	Dodda Sree Satya Gayathri	Analyzing the effect of analgesics as premedication on pulp sensibility tests: a clinical trial	Conservative and Endodontics

48.	Sathar Shareef Abuzar	Comparative evaluation of rotary and reciprocation motions in endodontic retreatment and their effects on dentinal thickness, residual filling volume and fracture resistance-an invitro study	Conservative and Endodontics
49.	A. VIGNESH	Evaluation of proximal box adaptation in class ii composite restorations using different lining techniques using scanning electron microscope and fracture resistance using universal testing machine	Conservative and Endodontics
50.	KOLLURI MADHULATH A	Evaluation of different dentin biomodifiers on bonding to normal and caries affected dentin –An invitro study	Conservative and Endodontics
51.	KOLLURI Madhulatha	Comparative evaluation of sealer adaptability, penetrability and microleakage assessment along the root canal walls: an invitro study	Conservative and Endodontics
52.	VANGALA ARAVIND REDDY	Analyzing the efficacy of cryotherapy and temperature-controlled anesthetics in managing pain and anesthesia onset in symptomatic irreversible pulpitis patients	Conservative and Endodontics
53.	Dr . Divya Reddy Mosali	Clinical and radiographic evaluation of indirect pulp capping with zine bioactive glass and calcium hydroxide in primary molars: A randomized clinical trial	pedodontics & preventive dentistry
54.	Dr.Borelly Prathibha	Comparative evaluation of nano silver fluoride at high concentration and silver diamine fluoride for caries arrest in primary molars : A randomized controlled trail.	pedodontics & preventive dentistry
55.	Dr.Vasala Rashmi	Comparative evaluation of clinical and radiographic outcomes of indirect pulp capping with eggshell derived nano-hydroxyapatite incorporated carboxymethyl chitosan and theracal in primary molars	pedodontics & preventive dentistry
56.	Dr.Erlapally Mounika	Comparison of silver diamine fluoride/potassium iodide versus various remineralising agents on the prevention of erosive wear in primary teeth: an in vitro study.	pedodontics & preventive dentistry
57.	Dr. Gompa Satyamani	A comparative evaluation of calcium ion release and change in pH using calcium hydroxide nano particles mixed with different vehicles- An in vitro study	pedodontics & preventive dentistry

58.	Paidimarry Pujitha Aparna	Comparative evaluation of physicochemical properties and mineral composition of saliva in school children with molar incisor hypomineralization and healthy children.	pedodontics & preventive dentistry
59.	Odnam Sai Venkatesh	Comparative evaluation of remineralization potential of sodium fluoride varnish and bioglass fortified fluoride varnish - An in vitro study.	pedodontics & preventive dentistry
60.	Priyanka Kuthadi	Impact of acid etching duration and different adhesive strategies on bond strength of biodentine to a resin based composite.	pedodontics & preventive dentistry
61.	Desireddy Anusha	Comparative evaluation of the effect of hypochlorous acid deproteinization on enamel bonding of self-adhesive flowable composite resins: An Invitro study.	pedodontics & preventive dentistry
62.	Adluri Gayathri Devi	Evaluation of surface porosity of four different pulp capping materials by using micro-computed tomography (micro-CT) method.	pedodontics & preventive dentistry
63.	Kovuru. Renu Sri	Effects of laser irradiation on surface microhardness of silver diamine fluoride treated dentin.	pedodontics & preventive dentistry
64.	Kanugula. Abhishta	Enhancing Pit and fissure sealant performance effects of NSF and SDF pretreatment on primary teeth.	pedodontics & preventive dentistry
65.	Vemula. Durga Naga Krishna Aparna	Early intervention of developing malocclusion using myobrace in children: Case reports	pedodontics & preventive dentistry
66.	Vemula. Durga Naga Krishna Aparna	In vitro evaluation of root canal wall cleanliness in primary molars after preparation with self-adjusting file (SAF) M two Niti and final irrigation.	pedodontics & preventive dentistry
67.	Erlapally Mounika	A cross-sectional study on knowledge and awareness toward their children's oral health among parents in Khammam city, Telangana, India.	pedodontics & preventive dentistry

68.	Dr. Tulsham Manasa	Predicting age from Mandibular 3 rd molars using Demirjian's revised method and Kohler's method – A Comparative Study	Oral medicine & radiology
69.	Dr. Gazala Sulthana	Alterations of serum lipid profile in patients with potentially malignant disorders and oral cancer.	Oral medicine & radiology
70.	Dr MVN Pradyumna	Management of angle fracture by double screw key hole plate- A prospective study	Oral and maxillo facial surgery
71.	Dr G Reshmi	Application of a four hole plate and a perpendicular three hole plate for the management of the mandibular symphysis fracture:A prospective study	Oral and maxillo facial surgery
72.	Dr D Vaishnavi	Management of mandibular sub condylar fractures by double L shaped miniplate osteosynthesis- A prospective study	Oral and maxillo facial surgery
73.	Dr G SaiDeep	Management of midface fractures using Revene Y locking plates	Oral and maxillo facial surgery
74.	Dr G Ganga Bhavani	A comparative study between subtarsal and subciliary approach for treatment of zygomatico maxillary fracture involving infraorbital rim	Oral and maxillo facial surgery
75.	Dr. G. Sandeep	Analysis of root morphological variations in impacted lower third molar-a retrospective study	Oral and maxillo facial surgery
76.	Dr. M. V. S. K. Nikitha Raj	Titanium and stainless steel miniplates in Lefort fracture - a comparative study	Oral and maxillo facial surgery
77.	Dr. M. Chandana	Elliptical plates for the mental nerve preservation-a clinico-radiographic study	Oral and maxillo facial surgery

78.	Dr. G. Pradeep	Efficacy of exposure to zygomatic fractures by horizontal and vertical incisions - a compare to prospective double blind study	Oral and maxillo facial surgery
79.	Dr. B. Uday	Transmucosal grid plate for management of palatal fractures-a clinico-radiographic study	Oral and maxillo facial surgery
80.	Dr. Mathangi gleshi shakina	Estimation of serum carcinoembryonic antigen levels in oral squamous cell carcinoma	oral pathology & microbiology
81.	Dr Balavanthapu Shruthi	Comparison of bond failure rates in metal brackets bonded with a conventional adhesive and an adhesive containing 10 MDP: an in vivo study	orthodontics
82.	Dr Purumandala Preethi	Effect of chlorhexidine and amine fluoride based mouthrinses on periodontal parameters in orthodontic patients-an in vivo study	orthodontics
83.	Dr Firasat Fatima	Evaluation of the effective torque expression between different rectangular wires and brackets -an in vivo study	orthodontics
84.	Dr. S. Geethika Varma	Evaluation of fluoridate nano-hydroxyapaptite in reducing enamel demineralization during orthodontic treatment- A randomised clinical trial	orthodontics
85.	Dr. Sk. Asfia	Comparison of bond failure rates in metal brackets bonded with conventional and fluoridated nanohydroxyapaptite infused bonding systems-An In-Vitro Study	orthodontics
86.	Dr. M. Sai Charan	Evaluation of bisphenol release from clear aligners: a randomised clinical trial	orthodontics
87.	Dr. K. Sankeerthana	Assessment Of Oral Health Status of Granite Factory Workers in Khammam City, Telangana State — An Epidemiological Study	Public health dentistry

88.	Dr. K. Sagarika	Assessment of Oral Health Knowledge, Attitude and Dental Caries Status Among Anganwadi Workers of Khammam city, Telangana state. — An Epidemiological Study.	Public health dentistry
89.	Ramanaboyana krupa	Beyond the pause: Understanding Oral Health Transformations among Postmenopausal women.	Public health dentistry
90.	Ramanaboyana krupa	Should social media marketing be part of the dental curriculum - an opinion based study at a teaching hospital in Khammam, Telangana.	Public health dentistry
91.	Mattam naga bhavani	“Are Social Media’s Viral Dental Trends – A Danger?” A Questionnaire Based study among dental students in Khammam City, Telangana.	Public health dentistry
92.	Mattam naga bhavani	“From Ancient Kitchens to Modern Health: The Probiotic Richness of Indian Cuisine”	Public health dentistry
93.	Dr. K. Sankeerthana	Determining the optimal fee increase for dental services in 2025, A Questionnaire based study in Khammam city, Telangana.	Public health dentistry
94.	Dr. K. Sankeerthana	Impact of USD hike on dental fees in India - a necessary adjustment.	Public health dentistry
95.	Dr. K. Sagarika	“Do Aligners Replace Conventional Orthodontic Therapy?” – A Questionnaire Based Study.	Public health dentistry
96.	Dr. K. Sagarika	Clinical audit in dentistry	Public health dentistry
97.	Dr.DANIEL PERKIN JOSHUA	Sustainability in Dentistry: Assessing knowledge and attitude among undergraduate dental students in Khammam	Public health dentistry

98.	Dr.K. ARAVIND KUMAR	Knowledge, attitude and awareness on election commission among youth in Khammam City	Public health dentistry
99.	Dr.K.SNEHA SRI	Knowledge, awareness and practice on Korean culture among youth in khammam city	Public health dentistry
100.	Dr.V.BHAVYA JHANSI	Perception of dental students regarding ott vs theatre	Public health dentistry
101.	Dr.A.LOKESHWARI	Knowledge , attitude and practice regarding Dehydration and fluid intake variation among dental students in khammam	Public health dentistry
102.	Dr.A.AKHIL	Knowledge, attitude and practice regarding Artificial Symbiosis – How synthetic biology revolutionizing agriculture	Public health dentistry
103.	DR. M.ANJALI	KNOWLEDGE AND AWARENESS ON QUACKERY DENTISTRY AMONG DENTAL STUDENTS.	Public health dentistry
104.	Dr.M SWETHA	KNOWLEDGE, ATTITUDE AND PRACTICE TOWARDS USING DENTAL MAGNIFICATION AMONG DENTAL STUDENTS.	Public health dentistry
105.	DR.M.SUSHMA SAI	KNOWLEDGE AND AWARENESS ABOUT THE ROLE OF ACUPUNCTURE IN CONTROLLING GAG REFLEX AMONG DENTAL STUDENTS.	Public health dentistry
106.	DR NANDINI PAGIDIMARRY	KNOWLEDGE , ATTITUDE AND AWARENESS TOWARDS ROLE OF BOTOX IN DENTISTRY AND COSMETIC PROCEDURES AMONG DENTAL STUDENTS.	Public health dentistry
107.	DR.B.SIRI VYSHNAVI	Knowledge attitude and peception among undergraduate dental Students on rugoscopy	Public health dentistry

108.	DR.G.DIVYA SREE	Knowledge and awareness regarding promoting volunteerism in global health	Public health dentistry
109.	DR.D.AKSHAYA	Knowledge, attitude and awareness regarding monkey pox among undergraduate dental students Khammam Telangana	Public health dentistry
110.	DR. J.L.S. PRASANNA	Knowledge and awareness among undergraduate dental students regarding the impact of osterix gene that regulates tooth root formation in a site specific manner	Public health dentistry
111.	DR. JAVERIYA NAAZ	Knowledge attitude and awareness towards the brainstorming technique among undergraduate dental students in khammam city	Public health dentistry
112.	DR. K. HIMAJA	The role of chat gpt in dental examination a study on Reliability and efficiency in automated essay scoring	Public health dentistry
113.	DR. K SOUMIKA	Knowledge and attitude towards association between smartphone use and temporomandibular disorders among undergraduate dental students	Public health dentistry
114.	DR M SHAMITHA	The Role of Zodiac Signs Personality Traits in Dental Specialty A Study On Reliability and Efficiency among Undergraduate Dental Students	Public health dentistry
115.	DR ANAS HAMZA	Knowledge and awareness among undergraduate dental students about non invasive portable Hemoglobin concentration monitoring system using optical sensor for anemia dise	Public health dentistry
116.	DR.S.SREE MADHUMITHA	Cutting Edge Education: "Uncovering Dental Students Attitudes towards Dissection Room Experiences"	Public health dentistry
117.	DR.S.NAVYASRE E	Knowledge and awareness regarding cultural competence among dental students providing health care	Public health dentistry

118.	DR.V.VINEETH	Knowledge and awareness regarding dermatoglyphics among undergraduate dental students in territory care teaching hospital	Public health dentistry
119.	Dr.K.Sneha sri	Knowledge Awareness and Practice regarding Complications of Oral and Perioral Piercings among Undergraduate Dental Students	Public health dentistry
120.	DR.D.INDIRAPRIYA	Knowledge attitude and practice of dental students on shade Matching of anterior teeth	Public health dentistry
121.	Dr. P. Hari Krishna	Dental Students Perception of Their Approaches to Learning within a PBL (Problem Based Learning)	Public health dentistry
122.	Dr. M.Ravi Verma	Knowledge and Awareness among Undergraduate Dental Students Regarding Simex in Dental Education System	Public health dentistry
123.	Dr. N likhitha	Bridging the Chairside and Classroom: Enhancing Undergraduate Clinics with Real-time Learning on Dental and Systemic Health	Public health dentistry
124.	Dr. R sai Srinidhi	Awareness of Vitamin and Mineral Supplements Among College Students	Public health dentistry
125.	Dr.K Aravind	Knowledge Attitude and Practice Regarding Use of Dental Clinical Photography among Undergraduate Dental Students	Public health dentistry
126.	Dr. N Keerthi Reddy	Navigating Maternal Health in Dentistry: Perceptions of Students and Interns on Treating Pregnant Patients	Public health dentistry
127.	Dr. P. Shriya	Assessment Of Knowledge Attitude And Practices Regarding Post Exposure Prophylaxis Among Dental Students.	Public health dentistry

128.	Dr. Daniel Perkin	Evaluation Of Knowledge And Awareness Among Undergraduate Dental Students Regarding The Emerging Trend Of Travel Medicine In Khammam City	Public health dentistry
129.	Dr. P. Akshitha	Evaluation Of Knowledge And Awareness Among Undergraduate Dental Students Regarding Anti Coagulation Therapy Of Patients Undergoing Dental Extractions	Public health dentistry
130.	Dr. P. Sri Raghav	Knowledge, Attitude, Perception on Implementation of Digital Dentistry In Pre-Clinical Curriculum	Public health dentistry
131.	DR.M.RAMYA	KNOWLEDGE AND AWARENESS ON TOOTH JEWELLERY AMONG DENTAL STUDENTS.	Public health dentistry
132.	Dr. NIKITHA	The Future of Biomimicry in Dentistry: “Evaluating Dental Students Awareness of Tissue Chip Impact”	Public health dentistry
133.	Dr. LEKHANA SRI	TO ASSESS KNOWLEDGE ATTITUDE AND PRACTICE REGARDING ANAPHYLAXIS AMONG DENTAL STUDENTS IN TERTIARY CARE TEACHING HOSPITAL KHAMMAM	Public health dentistry
134.	Dr. Arshiya	Knowledge and awareness regarding text mining analysis of scientific literature on digital intraoral scanners in dentistry	Public health dentistry
135.	Dr. K. Kavya sri	The impact of the outreach programs on undergraduate dental students	Public health dentistry
136.	Dr.K.PRAGNA MANOHARI	The digital dentist: students opinion on mandatory laptops	Public health dentistry
137.	Dr. S. Sai prasanna	Cutting Edge Education: “Digital Foot Prints: Social Media Use and E-professionalism among Health Care Students in Khammam City”	Public health dentistry

138.	Dr. D. Amrutha	To assessment knowledge and attitude Regarding the impact of Blacktriangle in aesthetic improvement Among undergraduate dental students	Public health dentistry
139.	Dr.M.SAI GREESHMA	Nano Robotic Dentistry-Transforming Fiction into Reality	Public health dentistry
140.	Dr. I. Sushmitha	First aid protocols, effective treatment strategies for snake bite.	Public health dentistry
141.	Dr.K.MANASWI NI	Knowledge attitude and factors associated with vegetarianism	Public health dentistry
142.	Dr. K. Vasavi	Presence at the table, cultivating mindful eating	Public health dentistry
143.	Dr. B chandana	Exploring the pathophysiology, diagnosis and treatment approaches in Guillian barre syndrome .	Public health dentistry
144.	Dr.P.SUJEETH	Knowledge of attitude and practice regarding uniform-related infection control practice among dental students	Public health dentistry
145.	Dr. K. Siri chandana	Knowledge, Attitude and Awareness about Inflation Crisis: Perceptions, Challenges and Coping.	Public health dentistry
146.	Dr. S. Nagaraju	Knowledge and awareness regarding stock market participation among undergraduate dental students	Public health dentistry
147.	Dr. Ch. Nivas	Knowledge, awareness, perception and attitude regarding anti - usag-1 therapy for tooth regeneration.	Public health dentistry

148.	Dr. Ch. Sreeja reddy	Knowledge and awareness regarding micro-robotic tools in targeted biofilm detection and treatment	Public health dentistry
149.	Dr. B. Rajashekar	Knowledge and awareness on exposure to chemicals in personal care and consumer products	Public health dentistry
150.	Dr. B. Sai lakshmi	Enhancing Pediatric Dental Care Through Animal Assisted Therapy	Public health dentistry
151.	Dr. B. Neeraj	Knowledge and attitude towards Chronological and Biological aging among dental students	Public health dentistry
152.	Dr. B. Roshini srija	Knowledge and association between screen time and ultra processed food consumption among dental students	Public health dentistry
153.	Dr. B. Sharath kumar	Genome sciences in dentistry awareness and attitude among undergraduate dental students	Public health dentistry
154.	Dr. Rajamohan	Awareness regarding nicotine replacement therapy among undergraduate dental students in khammam	Public health dentistry
155.	Dr. V. Sanjana	Knowledge and awareness of dental students on attention deficit hyperactivity disorder(adhd)	Public health dentistry
156.	Dr. V. Soumya	Knowledge and Attitude of Undergraduate Dental Students towards Research	Public health dentistry
157.	Dr. Y. Likhitha	Assessment of Knowledge Attitude and Practice about 'SADE' among Dental Undergraduate Students	Public health dentistry

158.	Dr. V. Shravika	knowledge and awareness of silent cries : addressing the issues of child abuse and neglect	Public health dentistry
159.	Dr. V. Prasanna	Assessment of Knowledge Attitude and Perception of Information and Communication Technology and Computed Assisted Learning Undergraduate Dental Students	Public health dentistry
160.	Dr. V. Manoj	Knowledge,attitide and practice towards blockchain potential for digital marketing: scale devolopment and validation	Public health dentistry
161.	Dr. V. Daiva sthuthi	knowledge and awareness towards monophobia	Public health dentistry
162.	Dr.CH. PRATHYUSHA	Knowledge, attitude and practice of herbal medicines on oral health among undergraduate dental students in khammam	Public health dentistry
163.	Dr.B. BHARADWAJ	Perception of dental students on gender preferences in career choice and plans	Public health dentistry
164.	Dr.D.HARSHA VARDHAN REDDY	Awareness regarding Idea and viewup on vaccine side effects among dental students in khammam	Public health dentistry
165.	Dr.E. HARIPRIYA	Awareness regarding smoking in movies among dental students Khammam, Telangana	Public health dentistry
166.	Dr.G.NAVYA	Knowledge and awareness regarding impact of oral diseases on systemic health among dental students	Public health dentistry
167.	Dr.KAJOL KUMARI SAH	Knowledge and attitude of dental students regarding usage of spices for cancer treatment	Public health dentistry

168.	Dr.R.RAMANI	Assessment of knowledge about nocebo effect in dentistry among undergraduate dental students in khammam city.	Public health dentistry
169.	Dr.S.SHIVA SREE	Knowledge attitude practice regarding dental caries vaccine among undergraduate dental students khammam	Public health dentistry
170.	Dr.S.TARUN TEJA	Exploring the relationship with art of letter writing among undergraduate dental students Khammam	Public health dentistry
171.	Dr.K.USHA DHARANI	Ozone in dentistry- KAP S study among undergraduate dental students in khammam	Public health dentistry
172.	Dr.V.SHARVYA SRI	Assessment of knowledge and awareness regarding microplastics in food among dental students in khammam city.	Public health dentistry
173.	Dr. ZAHARA MEHRAN	Knowledge and awareness regarding music, mental health and immunity among undergraduate dental students in khammam city.	Public health dentistry
174.	Dr.K.RAMYA SRI	Assessing the effect of parenting attitude and satisfaction on carrier decision making self efficacy among undergraduate dental students in khammam.	Public health dentistry
175.	Dr.A.CHETHAN A	Knowledge and perception towards efficacy of anti-aging creams among undergraduate dental students in khammam	Public health dentistry
176.	Dr.CH.NIKHILA REDDY	Knowledge , attitude and practices related to Dietary supplements and micronutrients among dental Students	Public health dentistry
177.	Dr.K.AKSHITA	Knowledge , attitude and practice regarding Bright smile Bright future: Women's impact in dental Health	Public health dentistry

178.	Dr.AYAZ AHMD	Knowledge, attitude and practice regarding Polymer Science in dentistry among dental students in khammam	Public health dentistry
179.	Dr.AYAZ AHMD	Knowledge, Attitude and Practice regarding Bacterial Connection between Oral Cavity and Gut Diseases among dental students.	Public health dentistry
180.	Dr.B.SARIKA	Assessing the effect of parenting attitude and satisfaction on carrier decision making self efficacy among undergraduate dental students in khammam.	Public health dentistry
181.	Dr.M.V.N.SNIG DHA	Knowledge and awareness about barodontalgia among dental students .	Public health dentistry
182.	DR.M. BHARGHAVI LATHA	KNOWLEDGE,ATTITUDE AND AWARENESS OF DRUG FOOD INTERACTION AMONG DENTAL STUDENTS.	Public health dentistry
183.	DR.P.VARSHITH A REDDY	KNOWLEDGE AND ATTITUDE OF INTENTIONAL REPLANTATION AMONG DENTAL STUDENTS.	Public health dentistry
184.	DR.P.JANANI	KNOWLEDGE, AWARENESS AND PRACTICE OF STUDENT-PATIENT RELATIONSHIP AMONG DENTAL STUDENTS.	Public health dentistry
185.	DR. B SANDESH	Knowledge and attitude practice of digital dentures among undergraduate Dental students in Khammam	Public health dentistry
186.	DR.B.MADHULI KA	Knowledge and awareness regarding virtual reality on dental phobia among undergraduate Dental students in Khammam	Public health dentistry
187.	DR.CH.HIMAJA	Knowledge and awareness regarding Flipped classrooms among Undergraduate dental students in Khammam	Public health dentistry

188.	DR.CH.SRIJA	Knowledge regarding Velscope among Undergraduate students in Khammam	Public health dentistry
189.	DR.G.SWATHI	Knowledge, attitude and practice of hand hygiene among dental students in tertiary care Teaching hospital khammam Telangana	Public health dentistry
190.	DR. G. PRIYANKA	Knowledge and perception about Skipping Breakfast and its Associated Factors among Undergraduate Dental Students	Public health dentistry
191.	DR. IQRA ALI	Knowledge and attitude towards neuralink and it's potential benefits and Risk among undergraduate dental students	Public health dentistry
192.	DR. S.NIKHILA REDDY	Knowledge and awareness about community based dental education on dental students and their intrest to treat under served population .	Public health dentistry
193.	DR T.SAISREE	Assessment of spiritual health and associated factors among undergraduate students	Public health dentistry
194.	DR.T.DIVYASREE	Knowledge attitude practice regarding the time diary &assessment of factors associated with academic &personal success among undergraduate dental students.	Public health dentistry
195.	DR V.SHIVANI	Knowledge , attitude perception of dental graduates towards indian dental curriculum	Public health dentistry
196.	DR Y.SRI HARSHINI	Patient centered communication:key skills for aspiring dentists	Public health dentistry
197.	DR.B.NAINA GOPAL	Knowledge, attitude and perception among undergraduate dental students in experiencing emotional competence training	Public health dentistry

198.	DR. CH.SOURAV	Knowledge And Awareness Regarding Dental Management Of Adults With Severe Obesity Among Undergraduate And Post Graduate Students In Khammam, Telangana	Public health dentistry
199.	DR.S.NAGARAJ U	A study of college students intention to use metaverse technology	Public health dentistry
200.	Dr. P. YASHWANTH	Sex determination through maxillary dental arch and skeletal base measurements using machine learning	Public health dentistry
201.	Dr B S Manasa	Evaluation of impact of modified access cavity designs on the structural integrity of endodontically treated teeth – An invitro study	Conservative dentistry & Endodontics
202.	Dr Vaidya Suketh Kumar	Assessment of apical foramen geometry after heat-treated nickel-titanium instrumentation using Fe-SEM and post obturation void analysis using CBCT: An invitro study	Conservative dentistry & Endodontics
203.	Dr N Natana	Influence of magnetic field on the penetration depth of root canal sealers reinforced with manganese ferrite nanoparticles: an invitro study	Conservative dentistry & Endodontics
204.	Dr N Sai Smirithi	Effect of probiotic and nanobased irrigants versus conventional irrigation solutions on dentin surface topography and smear layer removal: an scanning electron microscope and 3D optical profilometry study	Conservative dentistry & Endodontics
205.	Dr M Sravani	Effect of pre-treatment with riboflavin and remineralization protocol on marginal adaptation and mineral deposition of class I cavities restored with amalgomer CR and cention n after thermocycling: an invitro study	Conservative dentistry & Endodontics
206.	Dr B Deenadayal	Influence of blood and saliva contamination on marginal adaptation, mineral content and nanoleakage of root-end filling materials following conventional and endodontic microsurgical approaches: An invitro study	Conservative dentistry & Endodontics
207.	Dr J Pedha Ravitaja	Retromandibular approach in mandibular condylar fractures: a prospective study	Oral & Maxillofacial Surgery

208.	Dr G Varulika	Evaluation of subcondylar fracture fixation using different miniplates – A prospective clinical study	Oral & Maxillofacial Surgery
209.	Dr J Varun kumar reddy	A prospective study on efficacy of modified curved titanium mini plates in open reduction and internal fixation (ORIF) of mandibular fractures	Oral & Maxillofacial Surgery
210.	Dr B Sai Prasad	Evaluating the efficacy of peripheral ostectomy & topical 5 fluorouracil in management of maxillofacial cysts	Oral & Maxillofacial Surgery
211.	Dr Akriti Shahi	A study on versatility of I-shaped titanium miniplates in the management of midfacial fractures	Oral & Maxillofacial Surgery
212.	Dr Mohammad Abdul Samad	Immunohistochemical expression of SOX11 in oral leukoplakia and oral squamous cell carcinoma	Oral Pathology & Microbiology
213.	Dr S Vaishnavi	Immunohistochemical expression of FAP in oral squamous cell carcinoma	Oral Pathology & Microbiology
214.	Dr P Shireesha	Age assessment from pulp/tooth ratios of maxillary canines on CBCT: A cross-sectional study	Oral Medicine & Radiology
215.	Dr B Rupareddy	Comparative evaluation of salivary and serum lactate dehydrogenase levels in habitual gutkha users, oral submucous fibrosis subjects and healthy controls: A case-control study	Oral Medicine & Radiology
216.	Dr J Vinathi	Effect of Zinc oxide quantum dots incorporated multifunctional orthodontic adhesive on bond strength of metal brackets – An invitro study	Orthodontics & Dentofacial Orthopedics
217.	Dr K Vinuthna	Effect of Zinc oxide quantum dots incorporated orthodontic adhesive on enamel demineralization: a randomized controlled clinical trial	Orthodontics & Dentofacial Orthopedics

218.	Dr R Padma Priya	Evaluation of frictional forces during orthodontic space closure in passive self-ligating brackets with different bracket slots in comparison to conventional brackets: An finite element study	Orthodontics & Dentofacial Orthopedics
219.	Dr N Vidyamaheswari	Bioavailability of ions in saliva after the application of nanosilver fluoride in children with ECC and severe ECC	Pedodontics & Preventive dentistry
220.	Dr R Sushmitha	Comparative evaluation of plaque and salivary fluoride levels following application of silver diamine fluoride, sodium fluoride varnish and their combination in preschool children	Pedodontics & Preventive dentistry
221.	Dr M Durga Tejaswini	Comparative analysis of marginal accuracy and fracture resistance of novel 3D printed resins crown versus pre-fabricated zirconia crowns for pulpotomized primary molars – An invitro study	Pedodontics & Preventive dentistry
222.	Dr J Sushma	Evaluation of accuracy of electronic apex locators in presence of different concentrations of sodium hypochlorite – An ex-vivo study	Pedodontics & Preventive dentistry
223.	Dr Md Anas Hamza	Evaluation of effect of strontium chloride – incorporated hypochlorous eroded dentine bond performance – An invitro study	Pedodontics & Preventive dentistry
224.	Dr M Yamini	Clinical and microbiological evaluation of diode laser assisted photoactivation of 3% hydrogen peroxide and 0.2% chlorhexidine in non-surgical periodontal therapy	Periodontics
225.	Dr G Ramcharan	Clinical, microbiological and biochemical evaluation of antimicrobial photodynamic therapy versus low-level laser therapy as adjunct to non-surgical periodontal therapy	Periodontics
226.	Dr A Yamuna	Comparative evaluation of convention versus microsurgical triangular coronally advanced flap with silver nanoparticle (AGNP) membrane in management of gingival recessions	Periodontics
227.	Dr P Kavya	Assessment of tensile bond strength of acrylic denture soft liner incorporated with non-silanized and silanized titanium dioxide nanoparticle after thermocycling	Prosthodontics and Crown and Bridge

228.	Dr M Pallavi	Evaluation of fluoride ion release and surface roughness of charged and uncharged poly methyl methacrylated resin incorporated with fluorapatite nanoparticles – An invitro study	Prosthodontics and Crown and Bridge
229.	Dr D L S Praneetha	Evaluation of antifungal efficacy and surface hardness of acrylic denture soft liners modified with non silanized and silanized titanium dioxide nanoparticles: An invitro study	Prosthodontics and Crown and Bridge
230.	Dr B Pranavi	Comparative finite element analysis of stress distribution and deflection in PEEK and graphene-modified PMMA telescopic removable partial dentures in a mandibular Kennedy's class I distal extension arch under simulated opposing loads	Prosthodontics and Crown and Bridge
231.	Dr V Thrishali	Evaluation of mechanical properties of heat cure polymethyl methacrylate and high impact denture base resin with the addition of chitosan nanoparticles at different concentrations: An invitro study	Prosthodontics and Crown and Bridge
232.	Dr M Vinod Kumar	Oral health knowledge of parents as a predictor of dental caries status among 5-12 year-old government school children of Khammam city – AN epidemiological study	Public Health Dentistry
233.	Dr M Shamitha	Oral health status and treatment needs among elementary workers in an educational institution at Khammam, Telangana – A cross-sectional study	Public Health Dentistry
234.	Dr B S V N Poornima	Evaluation of the need for reform in the public health dentistry curriculum in India to incorporate application – oriented training and emerging artificial intelligence tools in the context of the prevailing oral health situation – A multi-centric cross-sectional study	Public Health Dentistry
